- **Learn Naturally**
  Let students learn a language the same way they learned their first – easily and naturally. Dynamic Immersion method pairs real-life imagery with the voices of native speakers for instant comprehension. No translation or memorization.

- **Engage interactively**
  Students learn best by doing, and like a personal tutor Rosetta Stone provides instant feedback for quick progression through the curriculum. Plus, Adaptive Recall brings back material for review at just the right intervals to maximize learning.

- **Have Fun**
  Since Rosetta Stone is so engaging, students will feel success. From our immersive interface to Lessons that will amuse while they educate, students will want to use Rosetta Stone. They’ll keep coming back for the next moment, that next breakthrough.

- **Speak Confdidently**
  Students are encouraged to speak from the very first lesson. They’ll begin with essentials that form the building blocks of a new language, and soon students will create new sentence on their own, using words they’ve learned.
