### **RCASA- The Regional, Community, Agency, and School Alliance**

**Transition Committee supports school and  
community partners** responsible for assisting students  
and families with transition from school to post-school  
environments.

**The intended purpose of this group** is to share  
information, problem solve, and develop resources to  
support the transition planning process. It is our hope that  
by bridging systems through collaboration and  
communication, we can improve post-secondary outcomes  
for students with disabilities. This group provides  
information relevant to diverse student populations  
including those with learning, developmental, and mental  
health disabilities.

**Current participants include:** School and BOCES  
transition counselors, psychologists, CSE chairs, teachers,  
Niagara County Mental Health Department, West Regional  
Partnership Center, Niagara's Work Source One, ACCES-VR  
counselors, Parent Network, Department of Labor, College
